

Web Design 1

Mr. Mathie, Mr. Taylor

Course Overview

Students enrolled in Web Design 1 will learn the basics of front end web development in HTML & CSS with an exposure to Javascript. They will also learn the basics of design aesthetics for web, while completing several website projects.

Grading Policy

Skills Assessment Rubric

J - 100% <i>Journeyman / Trainer</i>	The student consistently and independently demonstrates the skill
PA - 95% <i>Proficient / Apprentice</i>	The student can independently demonstrate the skill
N - 85% <i>Novice</i>	With minimal prompting or assistance the student can demonstrate the skill
E - 64% <i>Exposure</i>	With significant supervision or prompting the student can demonstrate the skill
IWS - 0% <i>Insufficient Work Shown</i>	The student does not provide sufficient work to evaluate the skill

Late Work

Students may receive no more than 70% for any late assignment. Any missing or late assignment may be submitted up to two (2) school business days after the assignment is marked missing in PowerSchool. Exceptions to this policy may be requested by the student in writing or email. The instructor will make the final determination on extension requests and will inform the student of the decision in writing or email.

Redo

If a student receives below a 70% on an assignment, a student may redo that assignment for a grade up to 70%.

Competencies

None

Course Topics

HTML 5

CSS

Web Design Concepts

Basic PHP Scripting

Workplace Skills

In order to prepare for the internship, students will be instructed and assessed on the MTCHS Framework skills. This is done throughout the course and woven into various activities. [Freshman] year, students will focus primarily on [Personal] Skills.
