

Meridian Technical Charter High School
 Media Design 3b: Senior Design Semester 2
 Instructor: Ben Taylor
 Location: Meridian Technical Charter High School
 Room: 110
 Phone: 208-288-2928
 Email: ben.taylor@mtchs.org

Students will be working on advanced media projects including MTCHS Yearbook, 3d animation, video production, graphic design, web design, and game design. Students will study marketing, branding, communication, and digital storytelling.

Students will be working independently or in groups on projects including participation in SkillsUSA state & national competitions.

Students will be graded on their MTCHS Framework Skills. This grade will be up to 10% of their overall grades. Framework skills will be graded by interviews and a professionalism log kept throughout the year. Checkups will be bi-monthly.

Formative Assessment Rubric

	IWS	E	N	PA/Apprentice	J/Teach
Performance Level	Insufficient Work Shown	Exposure	Novice	Proficient	Journeyman/Teach
Definition of Performance Level	The student does not provide sufficient work to evaluate the essential content, knowledge, and/or skills needed to demonstrate proficiency.	With <i>significant</i> supervision and/or prompting the student can demonstrate, apply, or transfer the essential content, knowledge, and/or skills needed to demonstrate proficiency.	With <i>minimal prompting</i> and/or assistance the student can demonstrate, apply, or transfer the essential content, knowledge and/or skills needed to demonstrate proficiency.	The student can <i>independently</i> demonstrate, apply, or transfer the essential content, knowledge, and/or skills on a new task or in a new situation.	The student <i>consistently and independently</i> demonstrates the ability to analyze, integrate, or formulate progressive or new knowledge and/or skills on a new task or in a new situation.
