- Students are responsible for checking due dates in PowerSchool

Late Work, Make-Up, and Redo Policy

Late Work

Work for the current module is considered due by midnight the day before a scheduled Module (unit) Test. Students may receive no more than 70% for any late assignment. Any missing or late assignment may be submitted up to two (2) school business days after the due date. Exceptions to this policy may be requested by the student in writing or email. The instructor will make the final determination on extension requests and will inform the student of the decision.

Make-Up Work

Students may be allowed up to two days per unexpected absence to complete make-up work. Unexpected absences are those due to sudden illness, injuries or death in a family. In general, tests will not be rescheduled, the instructor will make this final determination on a case by case basis.

Redos

If a student receives below a 70% on a test, a student may redo that test for a grade up to 70%. The instructor will determine the date by which the redo needs to be completed.
