## Electronics 1A

Teacher: Mr. Bushard  
[nathan.bushard@mtchs.org](mailto:nathan.bushard@mtchs.org)  
Daily 11:45am – 12:34pm  
Room 105  
Office Hours: 7:30am – 7:50am & 2:15pm – 3:00pm

### Course Overview

This course is intended to teach basic electronic circuit building, electronic component identification, and schematics.

### Topics Outline

- Breadboarding
- Electronic Components
- Schematics

### Grading

Grading will be on a points based system consisting of Assignments, Labs, Quizzes, and Tests.

### Class Expectations

- All MTCHS Handbook policies will be followed
- Students are responsible for checking due dates in PowerSchool
- Students will respect the equipment in the Electronics Lab and consider safety first at all times

### Late Work, Make-Up, and Redo Policy

#### ***Late Work***

Students may receive no more than 70% for any late assignment. Any missing or late assignment may be submitted up to two (2) school business days after the assignment is marked missing in PowerSchool.

Exceptions to this policy may be requested by the student in writing or email. The instructor will make the final determination on extension requests and will inform the student of the decision in writing or email.

#### ***Make-Up Work***

Students may be allowed up to two days per unexpected absence to complete make-up work. Unexpected absences are those due to sudden illness, injuries or death in a family. Assignments or tests, which were assigned prior to the date of the absence, are due upon return.

#### ***Redos***

If a student receives below a 70% on an assignment, a student may redo that assignment for a grade up to 70%. Individual teachers will determine due dates on make-up/redo assignments and which assignments can be made up. Any incomplete work may not be redone for credit.
