

Meridian Technical Charter High School's Device Protection Plan

Overview

At Meridian Technical Charter High School, we provide students with a school-issued laptop at no-cost to enhance their educational experience. To protect the laptops from potential damage and limit financial responsibility, we offer a device protection plan. This plan covers repairs and replacements for accidental damages to the school-issued laptops.

Coverage:

The device protection plan covers damages caused by accidental drops, spills, and electrical surges. It also covers damage caused by natural disasters such as floods, fires, and earthquakes. The plan does not cover intentional damage, loss, theft, or neglect.

Cost:

The cost of the device protection plan is \$25 per academic year per student. Payment for the plan must be made at the beginning of each academic year. This \$25 cost covers 1 claim per year, with subsequent claims incurring a \$20 deductible.

Claims:

To make a claim, students must report the damage to the school's IT department within 24 hours of the incident. The IT department will assess the damage and determine whether the device protection plan covers the repair or replacement. If the damage is not covered, the student will be responsible for the full cost of the repair or replacement.

Limitations:

The device protection plan does not cover the following:

1. Pre-existing damage
2. Damages caused by neglect or misuse of the laptop
3. Damage caused by unauthorized repairs or modifications
4. Loss or theft of the laptop
5. Damage to the charger or other accessories

Conclusion:

Meridian Technical Charter High School's device protection plan is designed to provide students with peace of mind by protecting their school-issued laptops from accidental damages. We encourage all students to enroll in the plan to ensure they are fully covered in case of any unexpected incidents.

Devices Issued

- Laptops, device chargers, cases, and a security badge will be issued to all students.
- Devices checked out to students will remain assigned to them throughout their enrollment, and returned for maintenance at the end of each year.
- Students are expected to take their device home each day to do homework and ensure they are fully charged and ready for use.
