**Freshmen Keys to Success!** Now serving ☐

**With Mr. Bodell**

A photograph of the exterior of Meridian Technical Charter High School at dusk. The building is a long, low structure with a curved roofline. The name "MERIDIAN TECHNICAL CHARTER HIGH SCHOOL" is mounted on the upper left portion of the facade. To the left, there is a large glass-paned entrance. In the center, a covered walkway is supported by four white cylindrical columns, with several pendant lights hanging from the ceiling. To the right of the walkway is another glass entrance. A brick wall runs along the base of the building. In the foreground on the left, several bicycles are parked in a rack. The sky is a mix of pink, orange, and purple, and some trees with autumn foliage are visible on the right.

English

CC English 1 A-B

**Course Information:** 

Open to: Freshmen  
Prerequisites: None  
Required: Yes  
Credits: 2  
Length: 1 year

Description: As Freshmen, students review written language conventions, expand vocabulary, practice the writing process, prepare expository/descriptive/narrative essays, learn presentation skills, prepare and present informative speeches, read from a variety of texts to strengthen process and comprehension skills, and participate in project-based learning. Novel selections are: *To Kill a Mockingbird*, *1984*, *Fantastic Voyage*.

Teacher: Debbie Riley

Earth Science

Freshman Computing and Internet Core  
FR- Earth Science - 2015-2016

Open to: Freshmen

**ESO**

Prerequisites: Yes  
Required: Yes  
Credits: 2  
Length: 1 year

Description: This course provides students with an understanding of the different parts of earth's systems. These systems are explored through areas of physical and historical geology, meteorology, and astronomy. Emphasis is placed on interactions between the earth's natural systems and humans. With the use of visual aids, models, and computers, this course is designed to discover earth science as a hands-on experience.

Spring Semester-2023

Welcome to the Earth Science Online portal!

This is where you will find access to online labs, activities and assignments.

Classroom Norms

Here are the norms and expectations of our classroom. By following them, you will set up for success in class throughout the year.

We act professionally

We communicate and collaborate with others in a positive manner, using an ongoing feedback loop to improve our work.

We monitor our time

We manage our time effectively, using a planner to keep track of our work and deadlines.

We minimize distractions

We use technology responsibly, avoiding distractions and staying focused on our work.

We have a focus on collaboration

We work together to achieve our goals, sharing ideas and resources.

Classroom Rules

Here are the rules of our classroom. By following them, you will help create a fun, safe space for you and your classmates.

Be on time

We arrive on time, prepared for class, and ready to participate in all activities.

Follow instructions

We listen to and follow directions from the teacher and peers, and we respect the rights of others.

Respect each other

We treat others with respect and kindness, and we avoid using inappropriate language or behavior.

Respect our technology

We use technology responsibly, avoiding distractions and staying focused on our work.
